

August 11, 2015

Dear Friends,

Sitting in a concert listening to the beautiful sound of the new concert grand piano makes us so grateful to live in such a generous community. One that is not only willing to help provide for kids in need of a fair shot at education, but one that cares enough to provide our school with funding above and beyond the normal school budget.

The STAR Education Foundation of St. Croix Falls brings **S**tudents, **T**eachers, **A**lumni and **R**esidents (STAR) together to raise funds for student enrichment and basic student needs. In our second year of existence, thanks to the tremendous support of people like you, we provided weekend meals for kids, who may have otherwise gone hungry, through the Backpack Program. In addition we were able to purchase the grand piano and make many other teacher's dreams come true to improve the education experience for our kids here in the St Croix Falls School District.

We are reaching out to you because of your connection to the students here in St. Croix Falls. Whether you are a business who provides services to families in our district, a vendor who does business with the school, or a business person who proudly claims SCF as their alma mater, we hope you will be interested in this opportunity. On Homecoming weekend, The Star Education Foundation will be hosting its 2nd annual '*Evening with the STARS*'. Last year this event raised \$17,000 to support student needs.

Can we count on you to help? Please consider being a sponsor and attending this special event. Your support is vital for the STAR Education Foundation to continue to make a difference in the lives of the children in the district. Please see the enclosed list of sponsorship levels and benefits. The deadline for sponsoring the event is September 15<sup>th</sup>, 2015. We have also included a sponsorship form, invitation and self-addressed envelope for you convenience.

Thank you for your time and consideration.

Sincerely,

STAR Education Foundation Fundraising and Marketing Committees

Sue Gerlach, Chair
